For sanitary reasons shave yourself,
and avoid the danger of skin diseases.
It is a pleasure if done correctly. But
you cannot do it without a "Curley"
safety razor. Money refunded if not
satisfactory. "Curley's" razor is not a
scraper. It is like an ordinary razor,
with the advantage that any one can
shave safely. Not one person in 1000
shaves correctly. See directions. We
respectfully ask you to try our razor.
Ten days time will be given. Any one
who thinks he cannot shave himself is
mistaken. He does a thousand more diffi-
cult things. Follow instructions and
we guarantee success.

POLICEMAN MARTINEZ SHOT.

Altercation Between Several Persons on
Saturday Resulted in the Shooting—
Affair Badly Mixed.

Shortly after 11 o'clock Saturday night,
trouble occurred on San Francisco street
in which Policeman Apolonio Martinez
was shot through the thigh, receiving a
severe flesh wound. As near as can be
ascertained the affair grew out of a little
thing which happened just a week before.

On Saturday August 13, two young
ladies and a young man, who knew
nothing about the rule concerning
bicycles in the plaza, being comparative
strangers in the city, went into the
plaza and sat down on one of the settees,
taking their wheels in with them, but
not using them. The park policeman
took the wheels and started to the jail
with them. R. L. Baca, the councilman,
seeing the incident, went to the police-
man and endeavored to get the wheels
released, stating that the young folks
meant no harm and knew nothing of
the regulations governing the plaza.
During the conversation between Baca
and the policeman, Francisco Romero
came up and at once took a hand in the
matter, striking Baca for interfering
with the officer. Baca retaliated by
rapping Romero over the head with his
cane. Baca then swore out warrants
for the arrest of Romero, charging
assault and battery. The matter was
taken into the police court, but hushed
up.

Saturday night after a meeting of the
council, Baca, in company with Jesus
Gonzalez and Borrego, was walking along
San Francisco street, when Francisco
Romero was met and some words were
had, which ended in Romero attacking
Baca again. Baca was knocked down
and beaten by Romero and one or two
others. Marshal Gallegos arrested
Romero and started to the city jail with
him. Soon after leaving the scene of
trouble, Gallegos heard a shot fired and
ran back. On reaching Gold's store he
found that Policeman Martinez had
been shot in a second quarrel while
trying to stop the fight, and Baca and
Ricardo Alarid were wrestling for the
possession of a six-shooter. Up to this
point the stories told of the affair very
nearly agree, but concerning the shoot-
ing there are two accounts.

Baca, his friend and Policeman
Martinez claim that Baca did not do the
shooting; that it occurred while Baca
was on the ground, being beaten by his
assailants, and that Ricardo Alarid fired
the shot at Baca but missed him, the
bullet lodging in Martinez' leg.
Alarid's friends claim that Baca fired
the shot, and afterwards attempted to
throw the gun away. In this connection
there are several charges and counter
charges involving others in the fight,
and casting reflections on some of the
officers, but they have nothing to do
with the shooting. The pistol used is a
44-calibre Colt, nearly new, and it is
thought the ownership can be easily
decided by learning where it was
purchased.

U. S. weather bureau forecast for
New Mexico: Partly cloudy weather
tonight and Tuesday.

The priests of the diocese of Santa Fe
are in retreat in this city. Rev. Father
Gentili, S. J., is instructor. The retreat
ends on Saturday.

The law making it a criminal offense
to carry deadly weapons should be strictly
enforced in Santa Fe and persistent
violators of the same should be severely
dealt with.

The Sisters of Loretto, who have been
in retreat at the convent of the order in
this city for a week, have returned to
their respective homes in different parts
of the territory.

In a jocular mood one of Santa Fe's
merchant princes shot a fellow merchant
with an arrow yesterday, the wounded
merchant lost his temper, but the dose
of peace fell faster than the arrow had
down and a loving cup was drunk—and
so were the merchants.

The Horticultural fair in this city
should be well attended by citizens of
New Mexico. There will be reduced
rates from all New Mexico points to the
capital and the fair promises to be
first-class in every particular.

Word has been received from Key
West that Stephen Easton, who was
severely injured at the battle of La
Quasima, and has since been in the hos-
pital at Key West, is steadily improving
and will be home in about a month.

The mayor and city marshal have a
gang of men at work cutting weeds and
cleaning the principal thoroughfares.
This is as it should be. The cleaner
and neater the streets, the better for
the city's health and for the city admin-
istration.

Yesterday the thermometer at the
local weather bureau registered as fol-
lows: Maximum temperature, 81 de-
grees at 4:15 p. m.; minimum, 60 degrees
at 4:30 p. m. The mean temperature for
the 24 hours was 70 degrees.

Saturday the thermometer at the local
weather bureau registered as follows:
Maximum temperature, 80 degrees at
1:00 p. m.; minimum temperature, 60
degrees at 4:30 a. m. The mean tem-
perature for the 24 hours was 70 de-
grees.

During the fracas on Saturday night,
12 persons, under arrest for being drunk
and disorderly on the public streets of
Santa Fe, broke out of the shabby apogee
for a city jail. It appears that al-
most any able-bodied thugger can knock
down the door of this alleged jail with
his bare knuckles.

Under the direction of Street Commis-
sioner Gallegos, a large force of men
began the work of cleaning Lincoln and
Washington avenues this morning, and
the much needed work will be continued
to other streets of the city as fast as
possible. Persons owing street poll taxes,
who so elect, can turn in with them of
money.

The alert and enterprising wheelmen
and wheelwomen of the city are making
arrangements to have a bicycle tour
nament in connection with the coming
Horticultural fair in the Capital City.
The baseball tournament, with crack
teams present from various parts of the
territory, is already practically settled
upon as one of the fair attractions.

The sidewalks along Palace avenue
ought to be repaired immediately. The
horticultural fair will attract numerous
visitors, and as Palace avenue is con-
sidered one of the best streets, visitors
will take it in the first thing. It is to be
hoped property owners will be public
spirited enough to avoid giving the en-
tire town a bad name by acting decently
in this matter.

The members of the Santa Fe base-
ball team covered themselves with more
or less glory, on Saturday afternoon,
winning the game at Albuquerque over
the Browns by a score of 11 to 10; but

You cannot buy Schilling's Best tea except in packages.

they disastrously fell down yesterday
afternoon, losing the second game to
the Browns by the shameful score of 34
to 4. The true inwardness of this
dreadful affair has not yet been fully
revealed to the NEW MEXICAN, as the
members of the Santa Fe team have
naturally felt very much fatigued since
returning home from the Duval City, and
have not been able to do much talking
on the subject of baseball.

Night Masquerader Arrested.

Pursuant to the prediction of the New
MEXICAN, about 5 o'clock, on Saturday
evening, Deputy Sheriff Huber and City
Marshal Gallegos arrested a woman
named Cruz Morales, of the 2nd ward,
charged with being the leader of the
gang, which has for several months
made it an almost nightly practice to
masquerade on the streets in remote
parts of the city, to the unspeakable ter-
ror of women and children.

In one breath the woman emphatic-
ly denies any knowledge of the nightly
masquerading and in the next dramati-
cally declares that she will submit to
be hanged before she will reveal the
names of her associates. But the evi-
dence against the woman is regarded by
the officers as conclusive. Among other
significant facts the shoes, worn by the
woman when she was arrested, exactly
fitted the tracks made in the sand by
one of the masqueraders, on Friday
night. It is understood that another
woman and three men composed the
gang. Doubtless they will soon be ar-
rested and jailed. The officers are firm-
ly resolved to put a permanent stop to
street masquerading at night.

The woman arrested is the wife of a
convict now incarcerated in the peni-
tentiary and lives alone over in the
southeastern part of the city. It will be
remembered that she was shot, some
months ago, at her house, by a jealous
lover.

Cruz Morales had a trial before Justice
Garcia today and was fined \$10 and costs,
or in default of payment, sentenced to
30 days in the county jail.

Horticultural Fair.

A meeting of the directors of the Hor-
ticultural Society was held on Saturday
evening, President Prince in the chair.
Various arrangements were made for
the coming fair.

A finance committee of six members
was appointed to solicit memberships
and subscriptions to defray the expenses
of the fair.

Hon. L. B. Prince was by vote ap-
pointed to represent the society at the
National Irrigation congress to be held
at Cheyenne in September.

The reception committee was appoint-
ed and the names of the members will
be announced in the NEW MEXICAN in
a day or two. It will be remembered
that much of the pleasurable success of
the fair last year was due to the excel-
lent work of the ladies' reception com-
mittee.

The Woman's board of trade has been
asked to act as the decorating com-
mittee, in which capacity it was so efficient
a year ago.

Progress on Fruit Evaporator.

A large number of people visited yes-
terday the property of the Santa Fe
Fruit Company near the depot in order
to see the work being done in the erec-
tion of the evaporator and accompan-
ing building. The main building is
30x73 and the floor timbers are already
laid and the solid stone foundation for
the evaporator is finished. Work is now
progressing as rapidly as possible and it
is expected to have the evaporator in
place by Friday, in order it possible to
save part of the apricot crop before it is
all gone. Every day now means a loss
to the city and vicinity of many dollars.
It is to be hoped that new subscriptions
to stock will come in quickly for the
older plant, so that that can be added
before half the apple crop is lost. The
present building is an encouraging sight
to every one in New Mexico and a happy
augury of the success which will crown
the completed enterprise.
